**End**: 9/8/2017
**Show Time As**: Busy

**Recurrence**: (none)

In response to regulatory comments/ recommendations we have added few more slides. The main changes were in the Hydrus_Model_Part1. We added new slides 15 to 21 and 28 to 32 showing 3D locations of geotechnical test samples and aquifer tests. WE also added slide 62 on LNAPL saturation for SP and SM sands for the potentially mobile LNAPL.
If you have any questions please let us know.
